Successful in every way were the 'safe and sane' celebrations of the Fourth of July in the cities where the plan was put into effect this year, according to reports which have just been received from several mayors by Commissioner West.

Commissioner West, desiring to determine whether or not the "safe and sane" plan of celebrating Independence day in other cities where it was put into effect was as successful and as popular as in the National Capital, wrote to the mayors of the different cities for information.

Toledo Claims to Be Pioneer. Mayor Brand Whitlock, a personal friend of Commissioner West, wrote of the "safe and sane" Fourth in Toledo as

The case of Charles L. Gilmore, arrested yesterday for attempting to extort \$100 in cash from H. E. Sands, proprietor of the Philadelphia Oyster House, 14th and U streets, was presented betheir only daughter, Miss Maude Fadely, Ralph Given in Police Court today for consideration.

Mr. Given, after hearing all the evidence in the possession of the police, filed a charge of blackmail. The case was continued until tomorrow for a hear-

H. E. Sands was on hand and gave account of dealings with Gilmore. The prisoner represented himself as a central office detective, he stated, and told wild and weird stories of extortion practices which, he asserted, he had concocted in this and other cities. His attempt to extort money from Mr. Sands came as he left a house on B street southwest where the restaurant proprietor went to

collect a bill. "Of all the colossal nerve I ever saw that young man takes the blue ribbon." remarked Mr. Sands. "It might have startled me a little at first but for the confidence my family has in me and I have in myself.'

Strenuous efforts were made by rela-tives of Gilmore to have the charge against lfim withdrawn by Mr. Sands when the latter appeared in Police Court today, but with no success. The case is considered exceptionally strong by the prosecuting authorities.

PITTSBURG, July 22.-Quiet prevailed at both the plants of the Pressed Steel Car Company at McKees Rocks and the Standard Steel Car Company works at Butler this morning.

It is reported that about the same number of men went to work at McKees Rocks plant as yesterday. The state constabulary was on guard at the gates and about 8 o'clock several thousand of the strikers attended a mass meeting at Indian Mound to listen to reports of their committees.

All of the saloons in the neighborhood of the plant which have been closed for seven days were reopened today by permission of Sheriff Gumbert. They will close each evening at 6 o'clock until the strike is settled.

More Men Go Back. About 175 foreigners returned to work at the Butler works today. These, with the 600 or more Americans, have enabled

the company to carry on work in many

departments. The men still out are reported as be coming sullen and bitter. The hearing of the alleged rioters at McKees Rocks who were arrested during the early days of the trouble will be held Peremptory demands upon strikers to vacate the company houses they now occupy were made last night by the Fidelity Land Company, which rents them, and deputy sheriffs, armed with the written

eviction notices, served them. The action took the strikers by surprise. While the strikers were busy in their houses last night, advantage was taken railroad tracks to shunt three sealed box cars into the plant. he hasn't come yet. That was Tuesday,

and I'm afraid he is not coming beck again." The young woman said she formerly lived in Leesburg, Va., where her husband was employed on the Southern railway. She thinks it is possible that he has returned to Leesburg, and Inspector Boardman said he would arrange to send the wife there. Hicks and his wife lived at 27 I street northeast.

Building Permits. The following bullding permits were is-

To Hugh B. Callahan, for one two-story frame dwelling at 2009 Kearney street northeast; architect, Conrad M. Chaney; builder, Hugh B. Callahan; estimated cost,

All arc and incandescent lamps lighted fifteen minutes after sunset and Slater; estimated cost, \$6,000. To Dr. Ralph Jenkins, to repair and build addition to dwelling at 1732 Massachusetts avenue; architects, Glenn and Bedford Brown; contractor, John McGregor; estimated cost, \$13,000.

Which Is It To Be?

Pay Rent or Own Your Own Home. To pay rent for another year means, at the end of the year, twelve receipts with nothing to show for the expenditure. To put a little more than the

same amount into a home, where part of it will apply to the principal, is surely the better plan. Then, too, it compels economy and will most likely be the foundation of wealth, besides giving a

feeling of independence that you have never known as a tenant. It will also be an incentive to ambition and will help you to success.
